## **Independent Auditors' Report**

### **Report on the Financial Statements**

We have audited the accompanying financial statements of FOOD Share, Inc. (a nonprofit organization) which comprise the statements of financial position as of June 30, 2015 and 2014, and the related statements of activities and changes in net assets, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of FOOD Share, Inc. as of June 30, 2015 and 2014, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

### Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

### Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 08, 2016, on our consideration of FOOD Share, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering FOOD Share, Inc.'s internal control over financial reporting and compliance.

**NOTE 1 – GENERAL**

FOOD Share, Inc., (the Organization) is a California nonprofit corporation which obtains surplus food from the food industry and other sources, and distributes it to the low income population of Ventura County through a network of various supportive agencies and its own Senior Share, Kid's Farmers Market and Senior Nutrition Program. The Organization also provides Nutrition Education and outreach programs to school aged children and families in the County. Incorporated in 1984, the Organization is supported by federal, state, and local grants on an annual basis, as well as support from the general public. The Organization provides the following programs:

**Senior Share** – this program works with volunteers in over 40 locations across the county to provide low income seniors with a bag of nutritious food every other week.

**Kid's Farmers Market** – provides nutrition education to children at after school programs. Fresh produce and recipes are given to the children to take home; lessons on preparation and tasting provide children with delicious ways to enjoy fresh food.

**Education and Outreach** – Nutrition education is conducted by nutritionists at senior centers, agencies partners and after school sites. This helps combat obesity and teaches ways to eat healthily and more affordably.

**Senior Nutrition** – provides weekly home deliveries of healthy meals to homebound seniors in partnership with the cities of Ventura and Oxnard.

**Agency Distribution** – Over 150 partner nonprofit agencies in the county obtain food to distribute to the County's hungry through food pantries, congregate feeding sites and shelters.

**CalFresh Outreach** – Known in California as CalFresh, this program assists people in the community determine eligibility for benefits and facilitates the application process in partnership with Ventura County HSA.

**Community Distribution** – Produce and other food items are distributed throughout the County at monthly giveaways in underserved areas.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Accounting Method.** The Organization prepares its financial statements on the accrual basis.

**Cash and Cash Equivalent.** For the purpose of the statement of cash flows the Organization includes all highly liquid investments with an initial maturity date of three months or less to be cash equivalent.

**Accounts and Grants Receivable.** Accounts and grants receivable are presented at fair value. At June 30, 2015 and 2014, management considered all accounts and grants receivable to be collectible and, therefore, did not establish a provision for uncollectible grants.

**Property and Equipment.** Property and equipment purchased is recorded at cost and depreciated using the straight-line method over the estimated useful life of the asset. Donated property and equipment is recorded at the estimated fair market value at the date of the donation, and are similarly

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued**

depreciated. The Organization capitalizes all fixed asset purchases greater than \$1,000 with a useful life greater than one year.

**Net Assets.** Unrestricted net assets consist of funds free of any donor-imposed restrictions. Temporarily and permanently restricted net assets consist of contributions and other inflows of funds subject to donor-imposed restrictions. The restrictions are temporary in that they are expected to expire with the passage of time or be satisfied and removed by actions and expenditures of the Organization that fulfill donor stipulations. Permanently restricted net assets are those net assets restricted in perpetuity by the donor, such as an endowment.

**Recognition of Donor and Grant Restrictions.** All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. All restricted support is recorded as an increase in temporarily or permanently restricted net assets depending on the nature of the restriction. When a restriction expires, temporarily restricted net assets are reclassified as unrestricted net assets.

**Income Taxes.** The Organization has been classified as an other-than private foundation and is tax-exempt under Section 501(c)(3) of the Internal Revenue Code and Section 23701d of the California Revenue and Taxation Code. The Organization is subject to a tax on income from any unrelated business.

**Accounting for uncertain tax positions.** Income tax benefits are recognized for income tax positions taken or expected to be taken in a tax return, only when it is determined that the income tax position will more-likely-than-not be sustained upon examination by taxing authorities. The Organization has analyzed tax positions taken for filing with the Internal Revenue Service and State of California. The Organization believes that income tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse effect on the Organization's financial condition, results of operations or cash flows. Accordingly, the Organization has not recorded any reserves, or related accruals for interest and penalties for uncertain income tax positions at June 30, 2015, and 2014.

The Organization's policy is to classify income tax related interest and penalties as interest expense on the financial statements. The Organization did not pay income tax related interest and penalties for the years ended June 30, 2015 and 2014.

The Organization's 2014, 2013, and 2012 tax years remain subject to examination by the Internal Revenue Service and the California Franchise Tax Board.

**Donated Materials and Services.** A substantial number of volunteers have donated their time to the Organization by serving as board members and/or by helping with Senior Share distribution, food-drives, and fundraising. Only specific services requiring specialized skills may be recorded in the financial statements. Total donated professional services during the year were not material and have not been recorded. During the year ended June 30, 2015, the Organization received over 38,000 volunteer hours. For donated food, see Notes 4 and 5.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**

***Fair Value Measurements.*** The Organization has adopted Financial Accounting Standards Board (FASB) Codification Section 820-20 on "*Fair Value Measurements*", which provides a framework for measuring fair value under U.S. Generally Accepted Accounting Principles. This standard applies to all financial instruments that are being measured and reported on a fair value basis.

As defined in the Standard, fair value is the exchange price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Organization uses various methods including market, income, and cost approaches. Based on these approaches, the Organization often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and/or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The Organization utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Organization is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- Level 1 - Valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange. Level 1 also includes U.S. Treasury and federal agency securities and federal agency mortgage-backed securities, which are traded by dealers or brokers in active markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.
- Level 2 - Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities.
- Level 3 - Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models, and similar techniques, and not based on market exchange, dealer, or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

In determining the appropriate levels, the Organization performs a detailed analysis of the assets and liabilities that are subject to the fair value standard. At each reporting period, all assets and liabilities for which the fair value measurement is based on significant unobservable inputs are classified as Level 3. For the years ended June 30, 2015 and 2014, the application of valuation techniques applied to similar assets and liabilities have been consistent.

The carrying amount of financial instruments including cash, accounts receivable, and accounts payable approximated fair value as of June 30, 2015 and 2014.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**

**Estimates.** The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates. Significant estimates used in preparing these financial statements include:

- Allocation of certain expenses by function
- Value of donated and distributed food
- Depreciable lives and estimated residual value of property and equipment
- Allowance for doubtful receivable

**Allocated Expenses.** Expenses by function have been allocated among program and supporting services classifications on the basis of time records, square footage of space utilized by each function and on estimates made by the Organization's management.

**Subsequent events.** Subsequent events have been evaluated through January 8, 2016, which is the date the financial statements were available to be issued. The Organization did not experience material subsequent events requiring financial statements disclosure.

**Reclassification.** Certain information in the June 30, 2014, financial statements have been reclassified for comparison purposes to conform to the current year presentation.

**Advertising.** The Organization expenses advertising costs as incurred. Advertising expense was \$212,681 and \$214,995 for the years ended June 30, 2015 and 2014, respectively.

**NOTE 3 – ACCOUNTS RECEIVABLE**

Accounts receivable are primarily from governmental sources and are considered fully collectible.

**NOTE 4 – FOOD ASSISTANCE FROM UNITED STATES DEPARTMENT OF AGRICULTURE**

The Organization receives food assistance from the United States Department of Agriculture (USDA). Food received from this source is considered restricted for the purpose of distribution to eligible persons/organizations. The Organization uses valuation guidelines provided by Feeding America (formerly known as America's Second Harvest) to value food assistance received from this source for financial reporting purposes. For year ended June 30, 2015 and 2014, the valuation used was approximately \$1.69 and \$1.66, respectively, per pound of food received from USDA.

The changes in the USDA donated food inventory for the year ended June 30, 2015 and 2014, in value and quantity are summarized as follows:

	<u>2015</u>

**NOTE 7 – BENEFICIAL INTEREST IN ASSETS HELD BY VENTURA COUNTY  
COMMUNITY FOUNDATION**

Starting 1993, the Organization has been transferring selected restricted and other unrestricted funds to the Ventura County Community Foundation (Foundation) to establish an endowment fund. Under the terms of the agreement the Organization can request an annual payout from the Foundation up to a limit set forth by the Board of Directors of the Foundation (currently it is 5% of a 12 quarter rolling average balance of the fund). These funds are held by the Foundation as the Foundation's component fund and the Foundation has the variance power to these funds. That power gives the Foundation the right to distribute the investment income to another not-for-profit organization of its choice if the Organization ceases to exist or if the governing board of the Foundation votes that support of the Organization (a) is no longer necessary or (b) is inconsistent with the needs of the Ventura County Community. While the Foundation is the legal owner of all assets held in the component fund and the Organization cannot withdraw any portion of the amount transferred and any appreciation on those transferred assets, however for reporting purposes, this fund has been reported as an asset of the Organization in conformity with accounting principles generally accepted in the United States of America. In the statement of financial position, the portion of the assets transferred to the Foundation with the donor restrictions is presented under the permanently restricted category and the portion of the assets transferred by the decision of Board of trustees of the Organization is presented as unrestricted funds. The beneficial interest in assets held by the Foundation is valued Level 3 measurements. This asset is comprised of the following transfers as of June 30:

	2015	2014
Transfer of permanently restricted contributions	\$ 921,262	\$ 921,262

**NOTE 11 – RETIREMENT PLAN**

The Organization has a tax deferred 403(b) annuity plan. Full time employees are eligible to participate in the plan and may contribute up to the maximum allowable by the Internal Revenue Code. The Organization contributes up to 3% of salary for the eligible employees. The Organization contributed \$19,517 and \$17,938 to the plan during years ended June 30, 2015 and 2014, respectively.

**NOTE 12 – CONTINGENT LIABILITIES**

The Organization received a number of grants from various governmental agencies. These grants are subject to audit by the granting agencies as to allowable costs paid with governmental funds. The Organization would be liable for up to the full amount of government funds expended should costs charged to the grants be disallowed.

**NOTE 13 – CONCENTRATIONS OF CREDIT RISK**

The Organization regularly maintains a balance in excess of federally insured limits with its financial institutions. The organization has not experienced any losses in such accounts. Management believes the Organization is not exposed to any significant credit risk related to cash.

A significant portion of the Organization's revenues comes from federal, state, and local grants and contracts.

Individual donors are primarily from Ventura County, as are the clients of the Organization.

**NOTE 14 – CDBG FUNDS FOR SOLAR PANEL INSTALLATION**

During the year ended June 30, 2015, the Organization was awarded \$303,600 from Community Development Block Grant funds for the installation of solar panels. This grant is conditional; the Organization must pay for the installation and then apply for reimbursement of the expenditure. At June 30, 2015, the Organization is in the planning stage of the installation project.

## Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of FOOD Share, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2015, and the related statements of activities, and cash flows for the year ended, and the related notes to the financial statements, and have issued our report thereon dated January 08, 2016.

### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered FOOD Share, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of FOOD Share's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weakness. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether FOOD Share, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of FOOD Share, Inc. in a separate letter dated January 08, 2016.

Purpose of this Report

This purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with Governmental Auditing Standards in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## Independent Auditors' Report on Compliance for Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133

### Report on Compliance for Each Major Federal Program

We have audited FOOD Share, Inc.'s compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of FOOD Share, Inc.'s major federal programs for the year ended June 30, 2015. FOOD Share, Inc.'s major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

### Management's Responsibility

Management of FOOD Share, Inc. is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs.

### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of FOOD Share, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about FOOD Share's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of FOOD Share, Inc.'s compliance.

### Opinion on Each Major Federal Program

In our opinion, FOOD Share, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect of its major federal programs for the year ended June 30, 2015.

Report on Internal Control over Compliance

Management of FOOD Share, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered FOOD Share, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of FOOD Share, Inc.'s internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weakness. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
